

Task List for Expert Groups / Technical Commissions

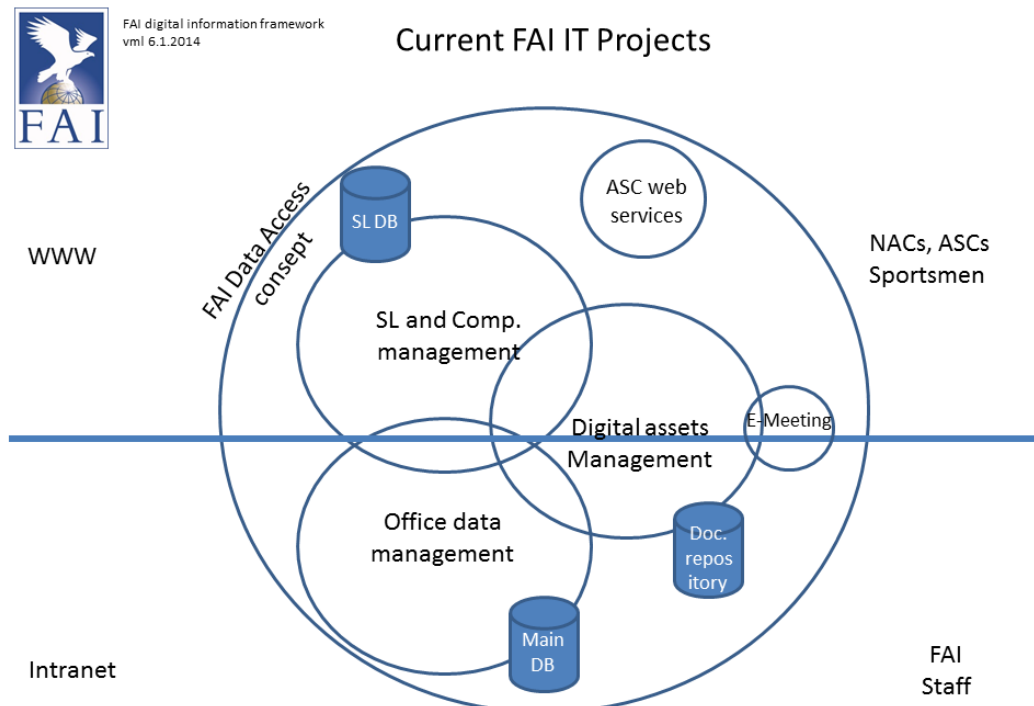

As of 18 January 2014

Date of Task Assignment : 10 January 2014
Date of final report to EB / GC : 10 September 2014
Date of final report (on-going process): 31 December 2014

IT EXPERT GROUP (ITEG)

Tasks :

1. Task is to define and plan data access methods to access information in the FAI two main databases. These methods should include standard interfaces (SOAP, WebDav etc.) and user rights management and rules for these interfaces.
2. The two databases in question are Sporting Licence database (SL DB) and the Office database. (Main DB)
3. The task area is described in the graph below as “FAI Data Access concept”
4. Database structures and other details will be given to the group members on separate documentation.

Task List for Expert Groups / Technical Commissions

As of 18 January 2014

The suggestions for further ITEG tasks should be forwarded to FAI IT Manager
Visa-Matti LEINIKKI (vml@fai.org).

Note :

Additional information can be obtained by contacting the FAI IT Manager, or the FAI Head Office ; contact person is the FAI Members & Services Manager, Segolene Rouillon (members@fai.org).

With best regards

p.p.
FAI Secretary General

Visa-Matti LEINIKKI
FAI IT Manager
