Task List for
Expert Groups / Technical Commissions

As of 18 January 2014

Date of Task Assignment :	**18 January 2014**
Date of interim report to EB :	**10 June 2014**
Date of final report to EB / GC :	**10 September 2014**

AIRSPACE EXPERT GROUP (AEG)

To secure the access to air space and its use without expensive equipment and complex training are the challenges ahead for the AEG.

Tasks:

1. **To build a working relation with ICAO,** through the Regional Office in Paris, to be informed on developments in regards to :
   a. Possible alterations Airspace classification
   b. Definition of technologies required for access to air space
2. **Challenge the FAI members to cooperate with AEG to get an information exchange on best practices** in regards to air sport use of air space going
3. **Start a written survey by NAC's and ASC's about their main problems in Airspace and analyse the results** for next priority works in AEG for optimal support of FAI-members

The suggestions for further AEG tasks should be forwarded to FAI EB Member Beat Neuenschwander (b.h.neuenschwander@bluewin.ch)

Note :

Additional information can be obtained by contacting the respective EB member, or the FAI Head Office ; contact person is the FAI Members & Services Manager, Segolene Rouillon (members@fai.org).

With best regards

p.p.
FAI Secretary General

Beat NEUENSCHWANDER
FAI Executive Board Director
