

## Suppression of the arrival line/ring closure (ANNEX A)

c. The finish line or finish ring shall be closed at the end of legal daylight, or when all competitors are accounted for, **or at a set time announced at Briefing**. Competitors still on task after close of the finish line or finish ring shall be considered as outlanded at the last valid GNSS fix immediately preceding the closing time.

*To be modified*

c. The finish line or finish ring shall be closed at the end of legal daylight, or when all competitors are accounted for, ~~or at a set time announced at Briefing~~. Competitors still on task after close of the finish line or finish ring shall be considered as outlanded at the last valid GNSS fix immediately preceding the closing time.

Argumentation:

The race is very impacted by the finish line/ring closure, especially in a class with handicaps.
