2.1.1 Application Schedule

The application must be submitted by a NAC or an IPC recognized National Parachuting Authority or a potential Organiser to the IPC President including proof of timely payment to FAI of the relevant Application Fee (2.2.1. and 2.2.4).

During 2016 the IPC had to search for payments at FAI, whilst it is up to a bidder to proof to IPC that payment of the Application Fee(s) has been done.

- (1) No earlier than 36 months and no later than 24 ~~later than 18 months~~ before January 1st of the year in which the FCE is to be held.

Proposal to make sure that a bid does not arrive too early and as such blocking potential other Organisers.

2.4 Required Information

2.4 Event dates – The time period must comply with that set out in the Competition rules and the Sporting Code Section 5.

Reference to a proposal in SC5 of the required information regarding the duration of an FCE, and the required presence of IPC officials.

2.4 Required Information

~~to be deleted~~

Overall proposal as per Interim Bureau Intent, midyear meeting 2015: to have one generic document which should be used for both compiling a bid for an FCE and for compiling Official Bulletins as per SC5. At the moment, NACs are re-inventing the wheel putting bids and bulletins on the table, which in turn lead to considerable time for IPC, bureau and committees evaluating bids and bulletins.

With such a document available the work load could be considerably lowered for all parties concerned. This document will include all required current data and information as per 2016 FCEAD and is presented at the 2017 IPC meeting.

See separate blank bid document

2.4.4 Table of Fees

If however the second Bulletin repeats the information of Bulletin #1, then all new/additional/changed information must be at the top of the bulletin. **including** Many organisers prefer to just to update bulletin #1, which is less work.
